

Changes in the public transportation in Tel Aviv – Jaffa, in the area of “Karlilbach” station:

On Friday, April 1st, with the progress of the works for the construction of the “Karlilbach” station of the Mass Transit System for Tel Aviv – Jaffa, traffic arrangement changes will occur near the station:

- A new street- 1185 St. will be opened for vehicles, with a preference for public transportation
- Closure of Menachem Begin Rd. to the south between the streets HaMelacha and Mazeh
- Closure of Menachem Begin Rd. to the north between the streets 1185 and Yitzhak Sadeh

These changes require moving the public transportation lines to alternative routes, near the original routes, and relocation of the stops of those lines.

Attention:

For a list of lines in which changes occur and details of the new station locations, refer to the inside of the pamphlet.

The following is a list of the main changes:

- Deviation of the lines passing through HaHashmonaim st. and Derech Menachem Begin – for these lines the stop Derech Menachem Begin / Lincoln in the south direction will be cancelled. Instead the lines will stop at the Hamasger / Yitzhak Sadeh station **1**. To north there will be no changes in the stops of the lines.
- Deviation of the lines passing along Derech Menachem Begin – for these lines the stops Derech Menachem Begin / Beit Maariv and Derech Menachem Begin / Lincoln in the south direction will be cancelled. In the north direction, the stop Derech Menachem Begin / Hamelacha will be cancelled. Instead, the lines will stop at the new stations on 1185 Street- **2** to the south and **5** to the North. On Hamasger Street near the Yitzhak Sadeh intersection the lines will stop at station **1** to the south and stations **6, 7, 8** to the north.
- Redirecting line 26 to Hamasger Street in the north direction – the stops along Harakevet Street and Derech Begin/Harakevet Station will be cancelled. Instead, there will be a stop at the Hamasger /Yad Harutsim Station **12**. To the south, there will be no change in the route of this line.
